

CITADEL '79

The Citadel

Pioneer Valley Academy

1978-79

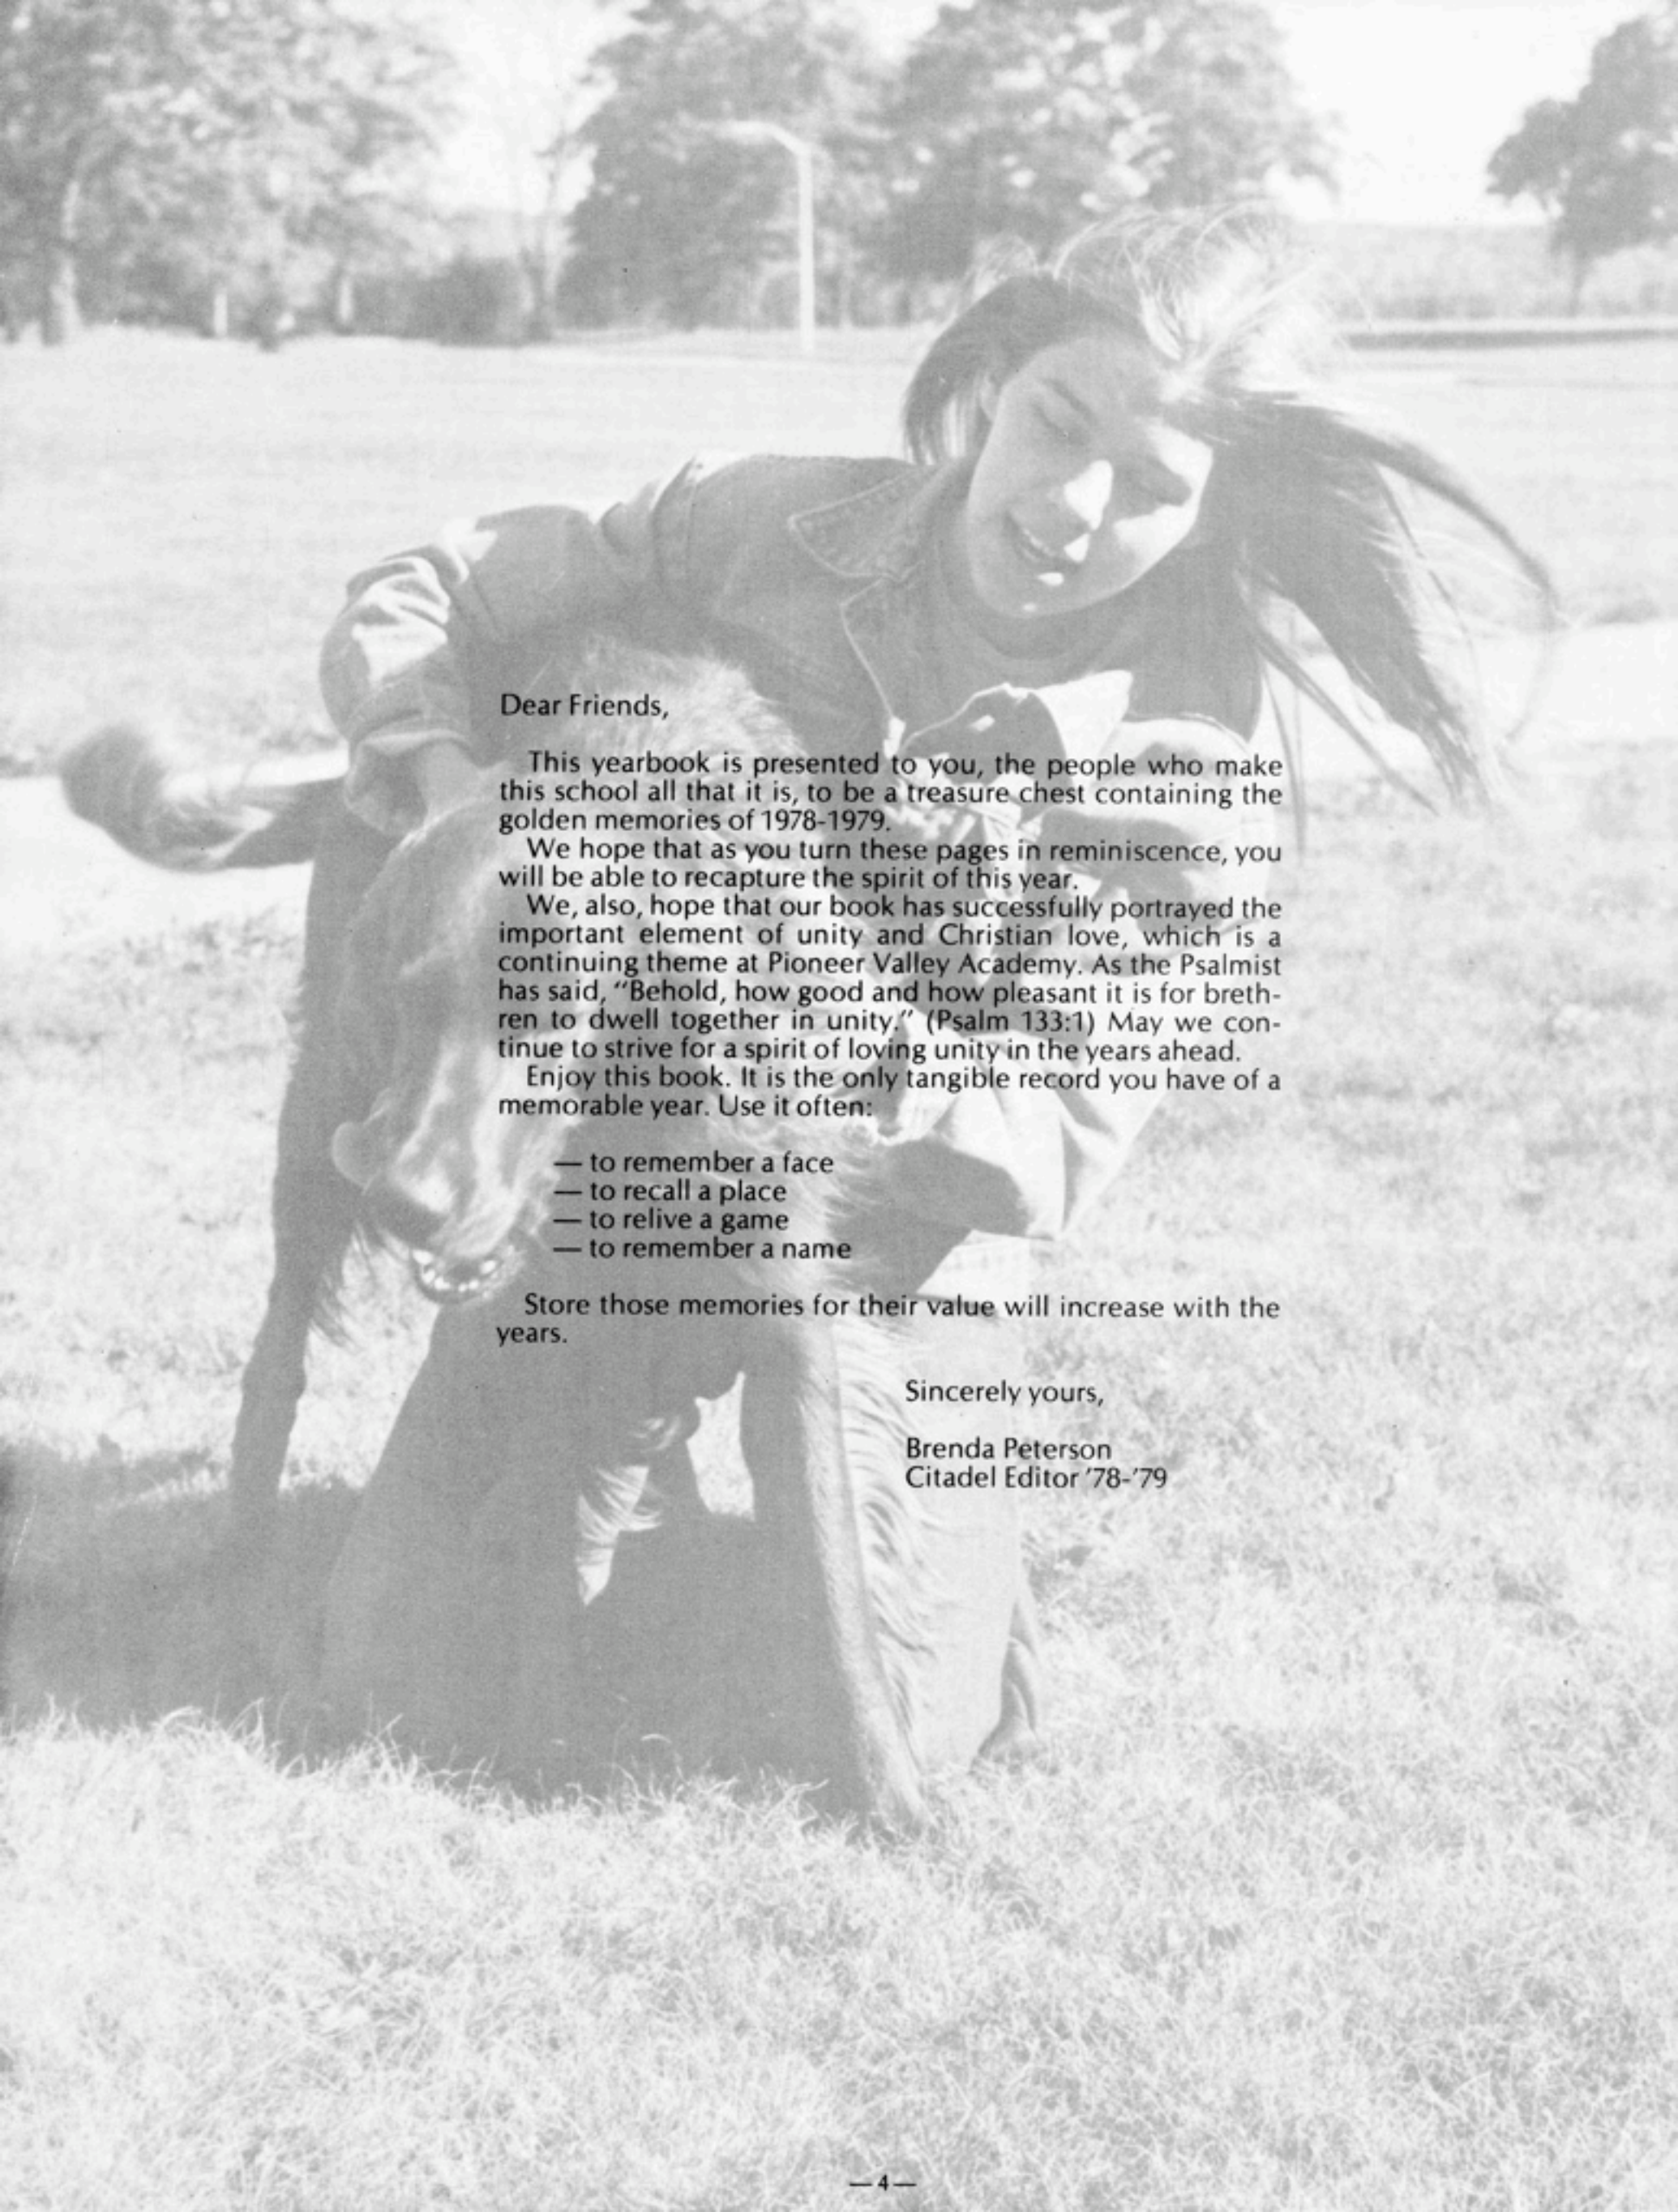

Out here in God's classroom, we may seek peace of mind and find His love revealed in the beauties of creation, from the first fruits of the apple orchard to the awesome colors of flowers and autumn foliage. Surely we are blessed with beauty surrounding PVA!

What an atmosphere in which to learn, to work, to play and grow!

Dear Friends,

This yearbook is presented to you, the people who make this school all that it is, to be a treasure chest containing the golden memories of 1978-1979.

We hope that as you turn these pages in reminiscence, you will be able to recapture the spirit of this year.

We, also, hope that our book has successfully portrayed the important element of unity and Christian love, which is a continuing theme at Pioneer Valley Academy. As the Psalmist has said, "Behold, how good and how pleasant it is for brethren to dwell together in unity." (Psalm 133:1) May we continue to strive for a spirit of loving unity in the years ahead.

Enjoy this book. It is the only tangible record you have of a memorable year. Use it often:

- to remember a face
- to recall a place
- to relive a game
- to remember a name

Store those memories for their value will increase with the years.

Sincerely yours,

Brenda Peterson
Citadel Editor '78-'79

CITADEL 1979 Dedicated to you . . .

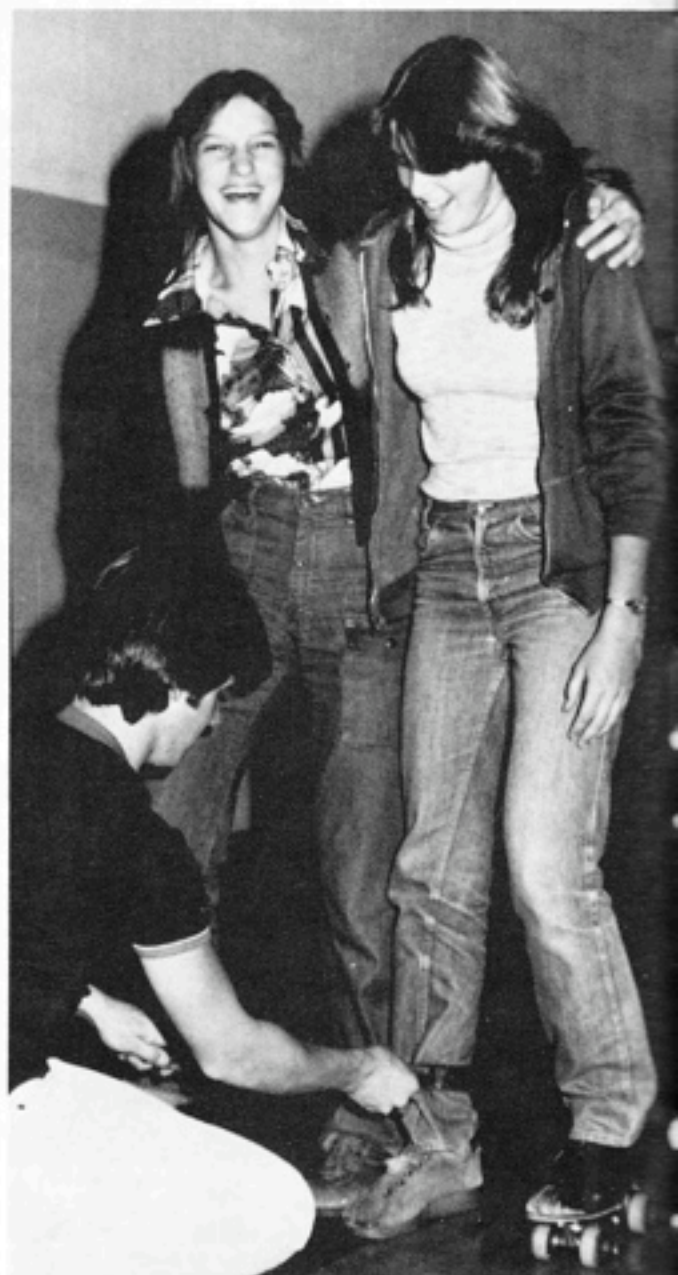

Mr. and Mrs. Roberts

Because you cared,
Because you smiled,
Because you took the time to chat,
Because you worked untiringly
To serve us from dawn to dusk,
Because you were patient with us
When we were grouchy sleepyheads at
breakfast
Or a bit too rowdy at supper,
Because we depended on you,
And you always came through for us,
Three times a day,
And most of all,
Because we love you,
We dedicate this book to you —
Mr. and Mrs. Roberts.

The Citadel Staff
1978-1979

The average day at PVA consists of time to worship, time to play, time to work . . .

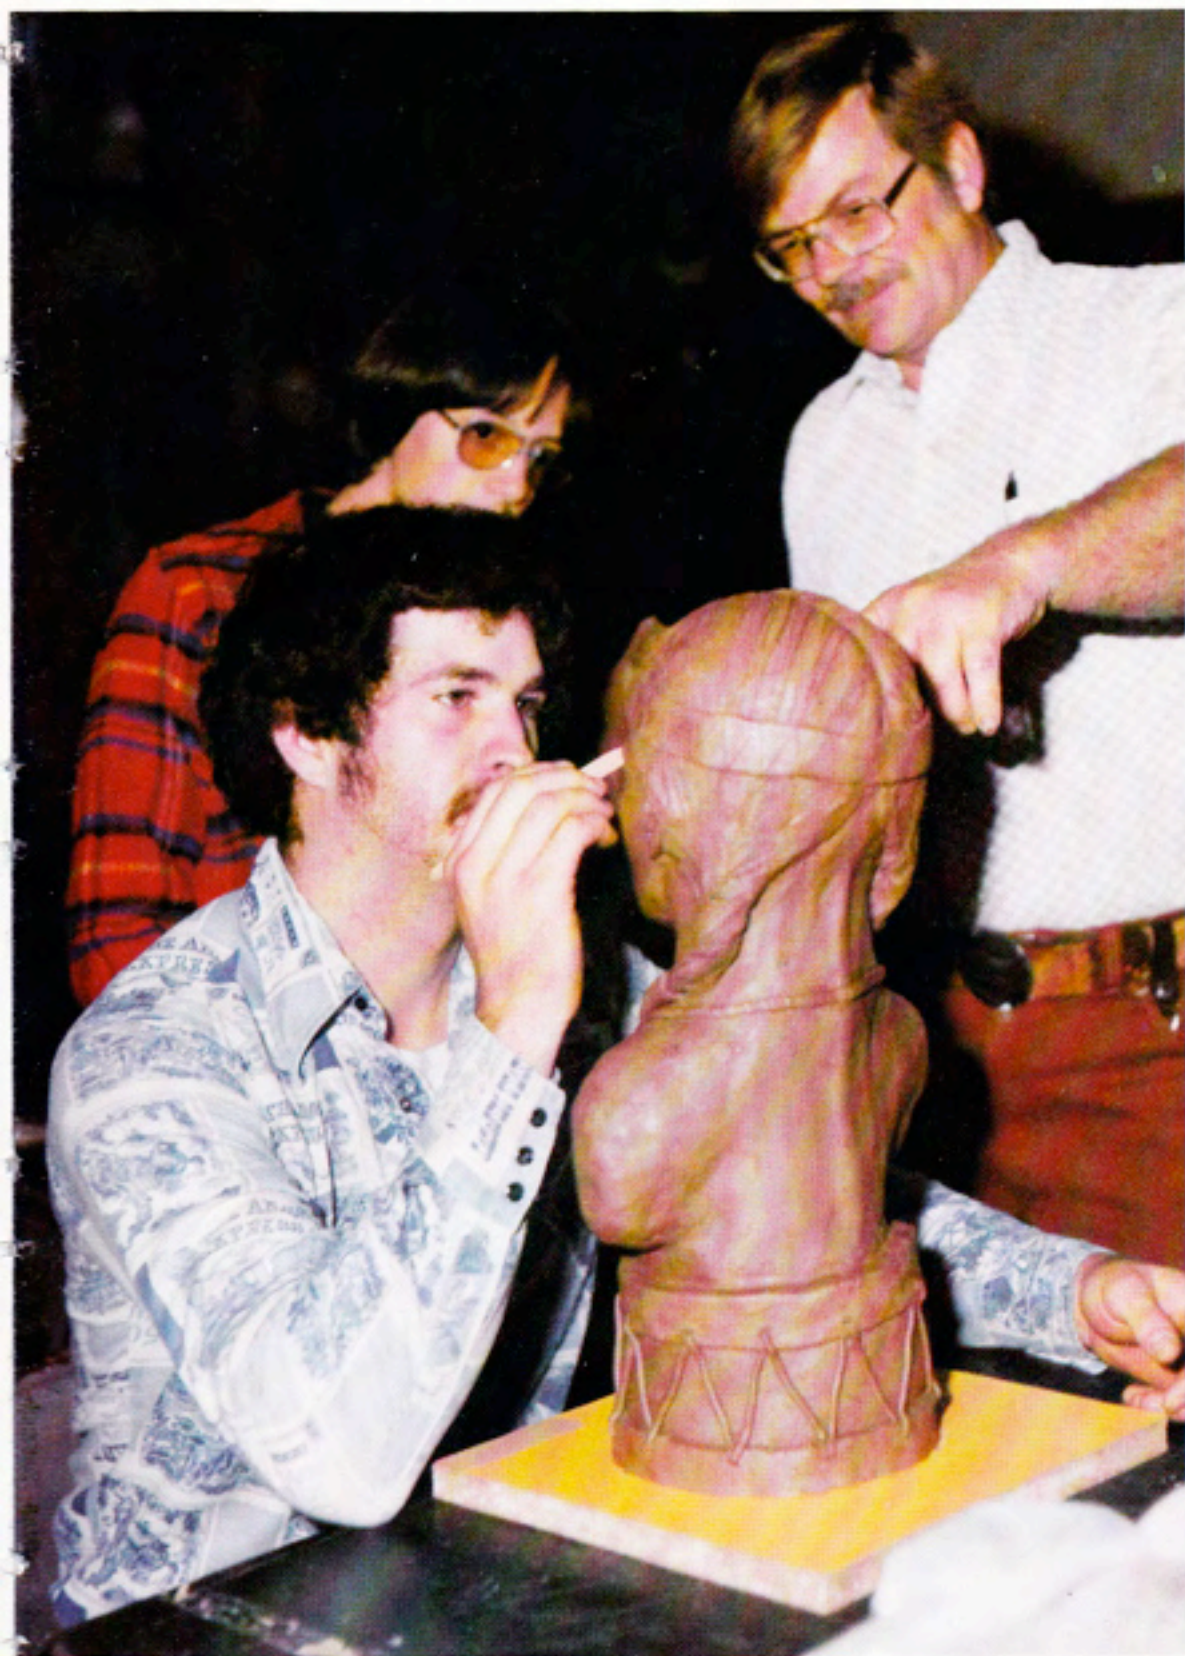

. . . time to study, and time to
enjoy one another's company.
There are good times all
throughout the day and that's
what keeps us going.

We go throughout the day from class to class, experiencing new ideas, gaining new skills, improving constantly on old ones, collecting our thoughts and putting all of it together in a gradual process called learning.

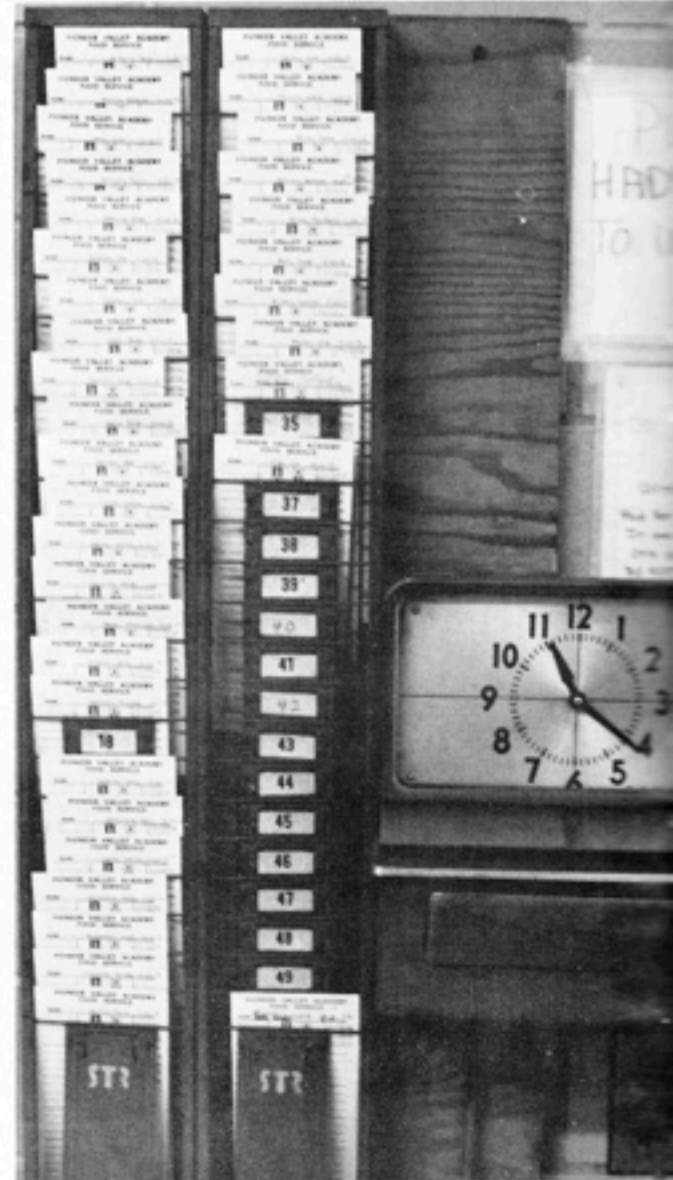

Classes are an important part of the daily program but not the only one.

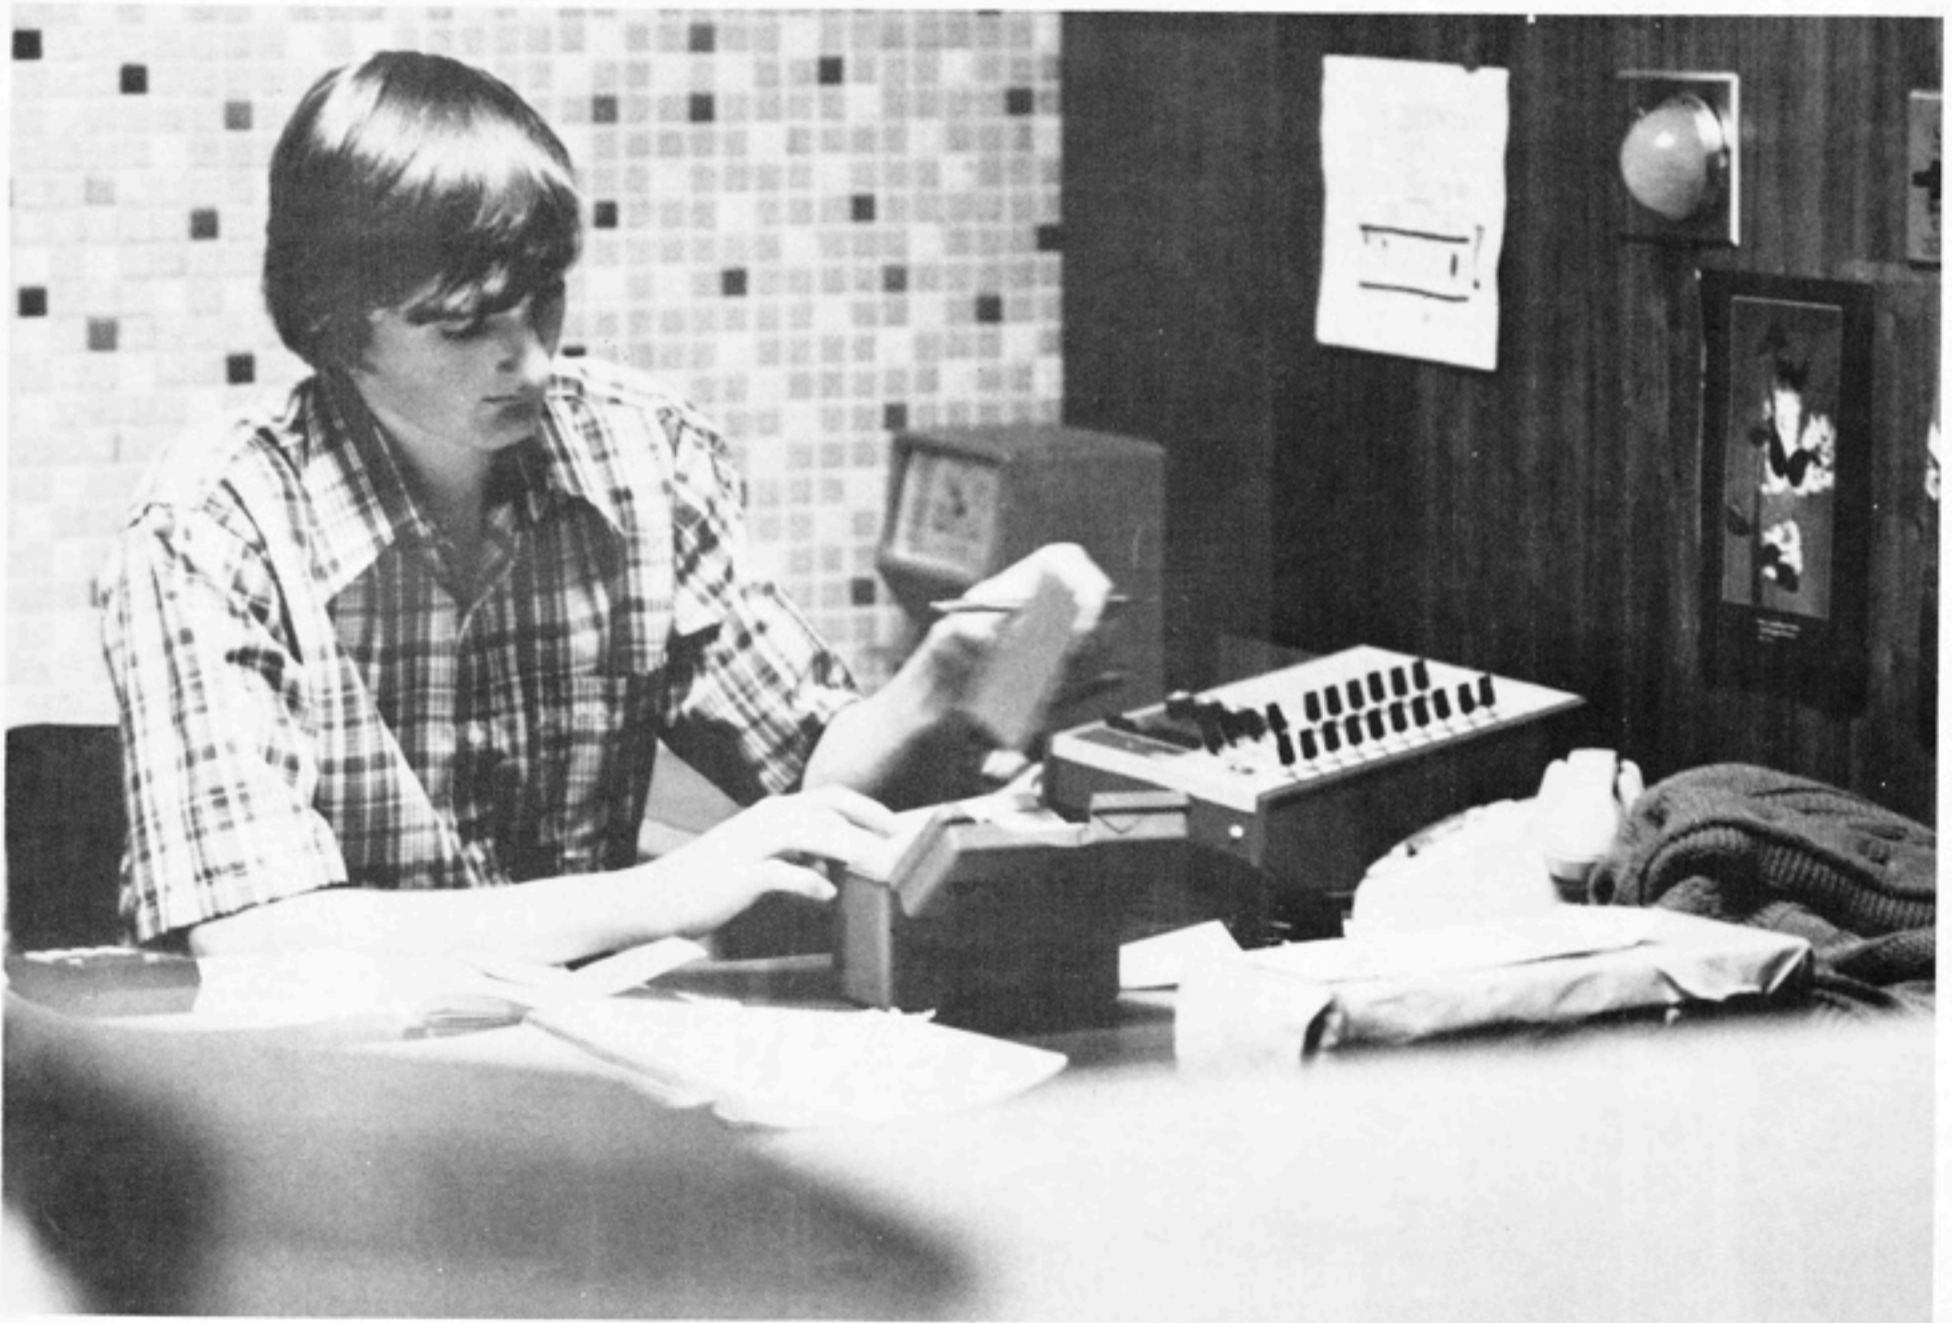

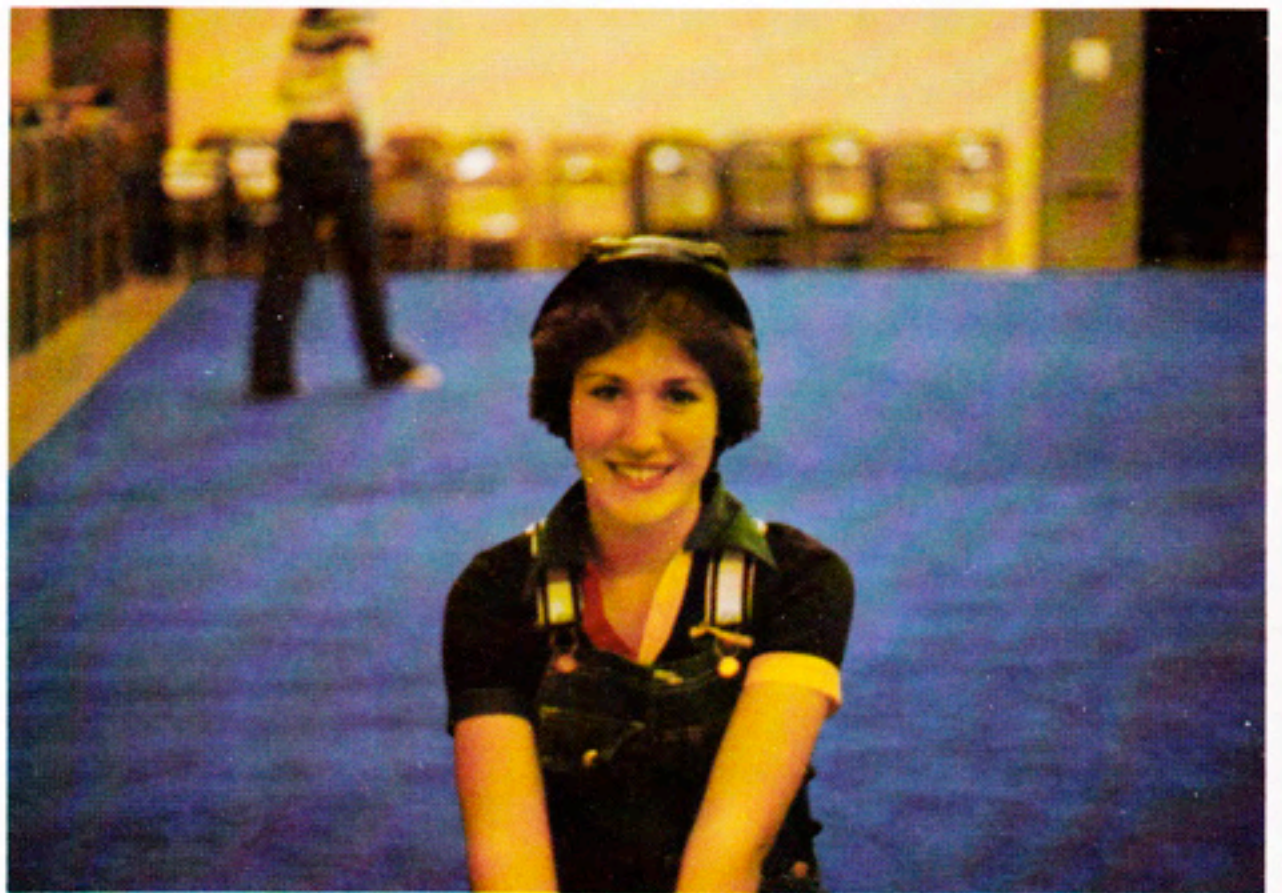

Another major part of our day is the work program. Whether it's answering the phone, washing the dishes, or correcting papers, we all have our responsibilities.

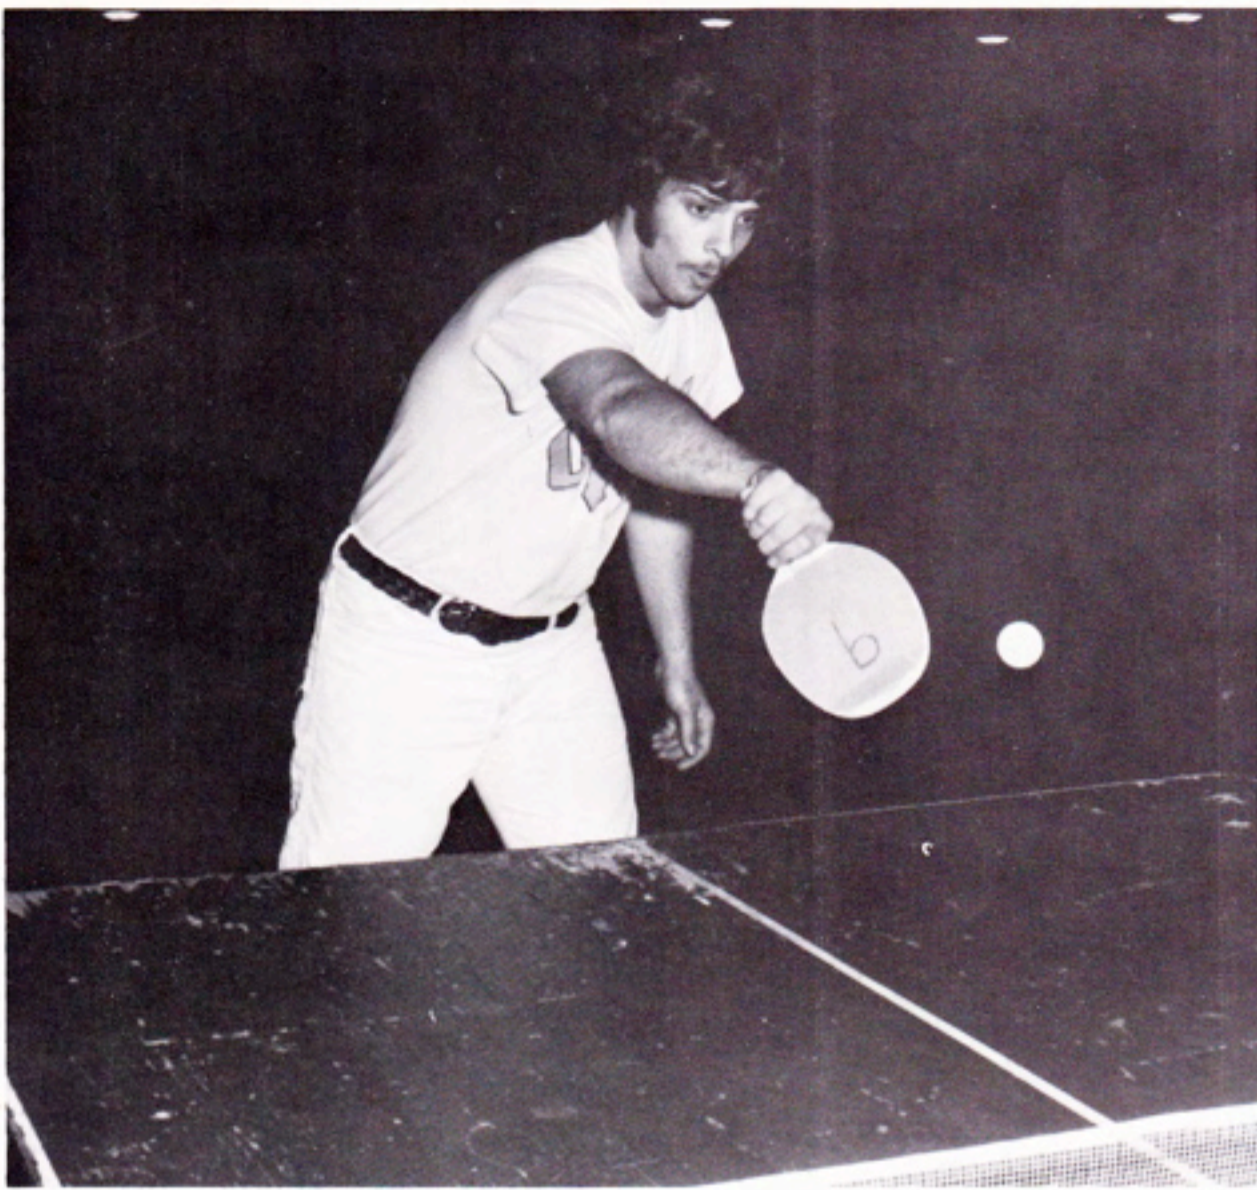

From this work experience, we gain something of value which we cannot learn from books, and at the same time, contribute actively to the school program.

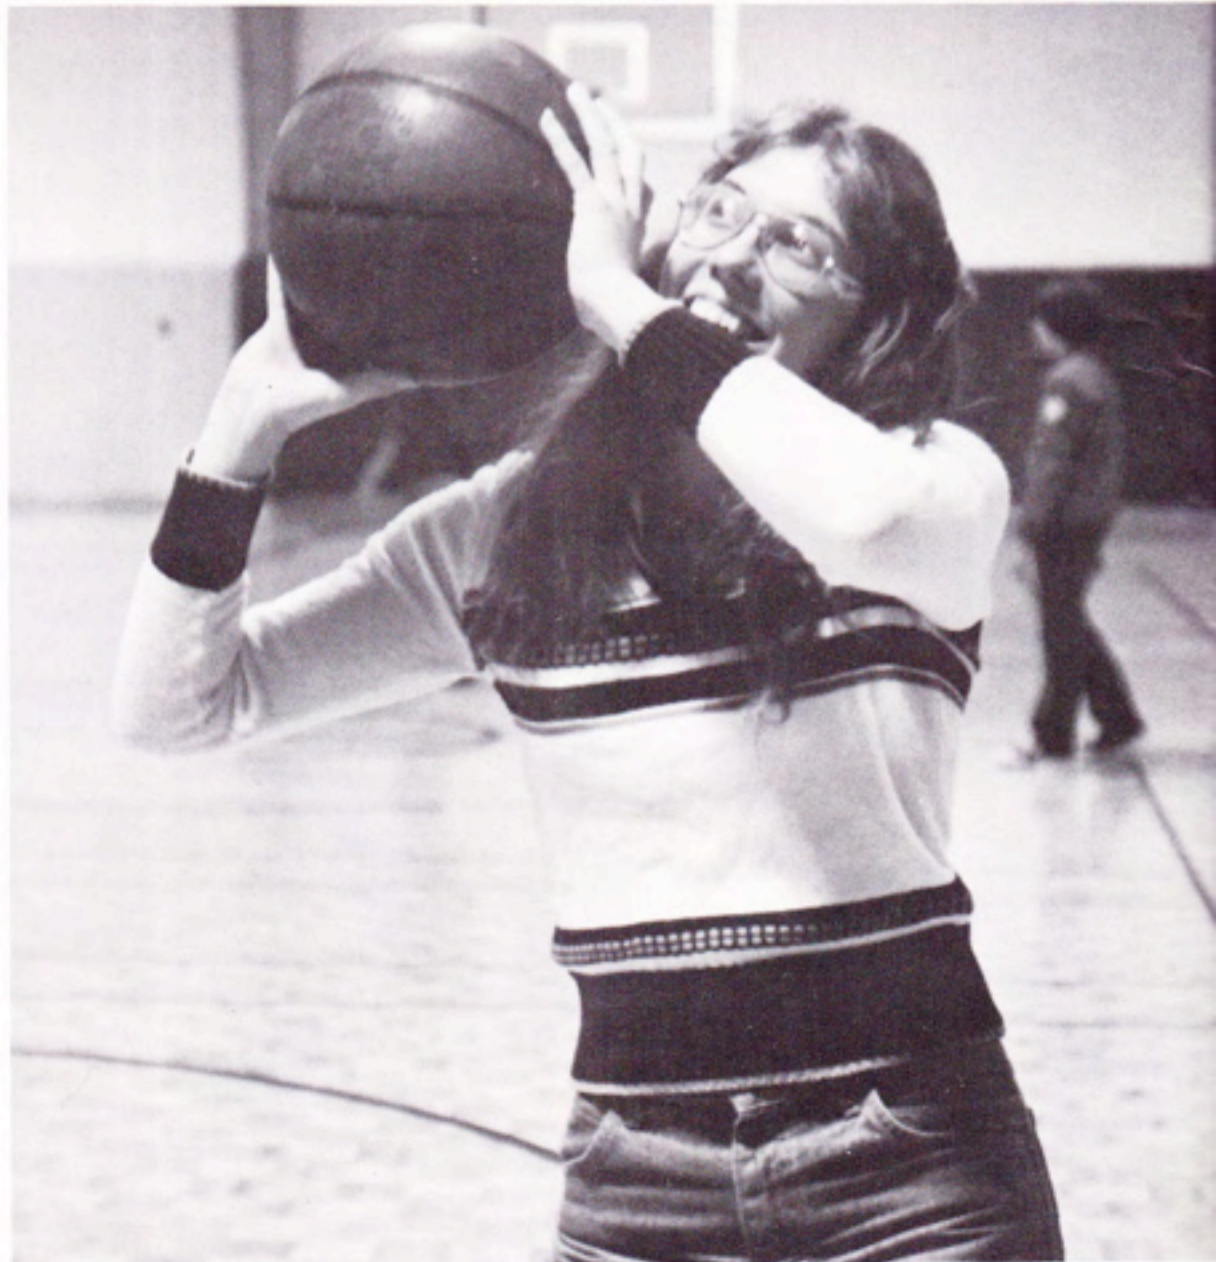

Then there are the times when we can relax and enjoy our favorite pastimes, visit with friends, and just have fun!

Recreation . . .
A time for active fun
from rollerskating to Ping-Pong.
A time to unwind,
to make new friends,
to play hard,
to enjoy yourself.

Dear Alex

I've enjoyed your musical talent this year. May the Lord always guide you in the coming year.

Sincerely your friend & teacher
Carl Wessing

Dear Alex,
 It's really been a great year and I'm glad I got to know you pretty well. I'll always remember for the weird jokes you would crack in class. Have a good summer & I hope to see you next year. I'm gonna miss you this summer. Make sure you behave and don't do anything bad this summer. Take care.

Love always,
 Sandy

Dear Alex,
 It has been a real pleasure singing with you this year. I'm sure with all your good talent you'll make use of it and someday be a great singer. I hope to see you next year so we can carry on with the "great" Junior quartet. I wish the best of fortune for you and hope you'll have a nice summer. Keep up the guitar playing + jokes too!

Yours truly,
 J. Anderson

Fall Picnic

September 3, 1978

We watched with anticipation as some participants struggled on just to finish the race, and others performed with ease.

It was a day of intense excitement for all those who participated, and for those with more sedentary interests, a delicious picnic lunch was served on the lawn.

- Part 2 -

The summer if you want let's write like we did last year. See some friends. I want to be friends with you - so I do something & it's like you all of a sudden turn really cold to me - please don't Alex - cuz I really love you & think we could be friends - please don't take this wrong - & Alex - if you ever feel the need to talk to someone remember that I'm always willing to listen & talk to you - & I'd like to thank that that's the way you feel - so - someday watch out! I may come & cry on your shoulder! Do matter what we've been through Alex, just remember the fun & good times. Remember the "A" parade I made for you? Remember with history & mostly remember me always - you're a sweet guy -

Dear Alex, - part 1 -
 Much as I've enjoyed this year - I'm glad it's over. Can you believe we'll be graduates? It's been fun going to school with you for the last 4 yrs. I don't forget all the fun times we had together. "Sweetheart"! Remember Festival of the Wind & that one night - I really enjoyed our talk that night - you know - you'd make a great big brother. I'm glad I got to know how you really feel though. Underneath all these jokes there's a great person - he's a little shy & afraid of being rejected but a super person - I enjoy having you joke around & stuff but I would really like that night we were talking - like to be a good friend. I'm sorry if I hurt you in any way this year - I didn't mean to & I didn't want to - I'd never want to hurt any of my friends. Just think Alex - everyone was friends & everyone didn't care what anyone thought about someone - wow! what a great place it'd be, huh? Thank for being yourself & thank for the great memories that you've given me.

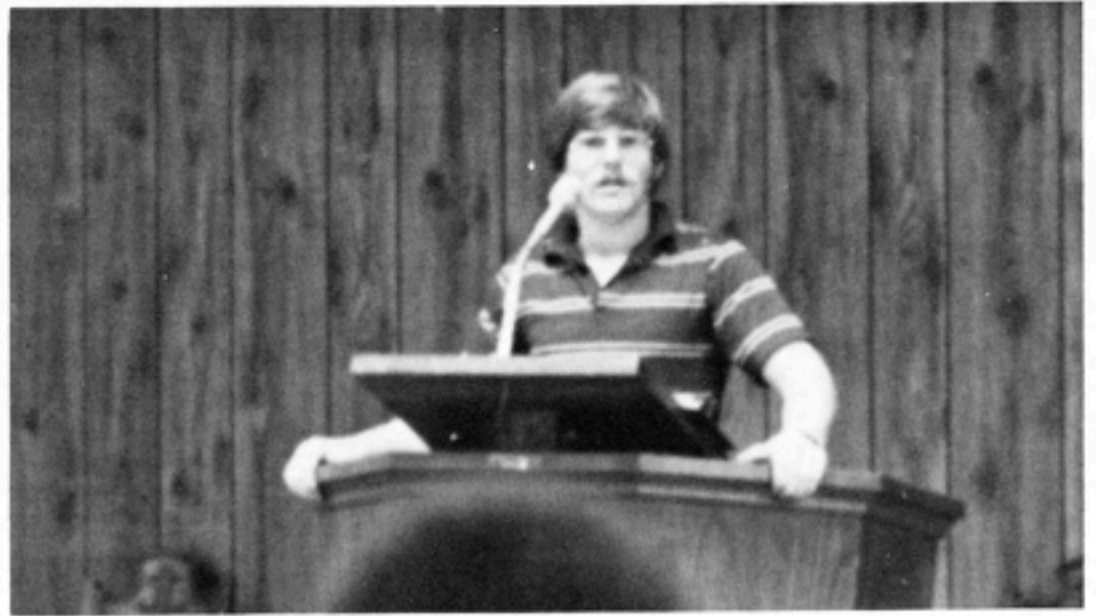

Sweet you know, though you do eat too much pizza, oh well - to me it's perfect. Next summer I come back next year I promise that I'll be just across the way. I think you make a great friend.

Dear Alex (and the rest of the class),
 I'm glad that I get to know you. I'm sorry for all the times I did you wrong. I was a selfish person. I was a sweet person though you do eat too much pizza, oh well - to me it's perfect. Next summer I come back next year I promise that I'll be just across the way. I think you make a great friend.

No matter how well an artist paints,
He cannot paint a memory.
Memories of friends talking and laughing,
Sharing a part of themselves they've never shared before.
Memories of Saturday evening programs, choir trips,
Picnics, formals, and class parties.
Half put together thoughts shattered by noisy bells . . .
And then peaceful Sabbath afternoon walks.
The click of a camera may capture the glow of a smile
But never the warm feeling deep inside . . .
The essence of true friendship.
What we've learned from being together here
Will become a great part of us when we leave.
The dreams and memories of today
Will travel on winds of time through years ahead
To become the beginnings of even greater ambitions.

— Laurie Falvo

Dear Alex,
This was a fun year and I'm glad I got
to know you. So many days you came in and
cheered me up. Don't forget to dedicate your first
song on T.V. to me! And remember our house-
underwater telephones etc. What a riot! You're a
crazy, sweet guy and I'm really going to
miss your smiling face when I leave. Be a
good kid while I'm gone!

Love ya,
Betsey
